- swipes.md - emails, social posts, and bonus-page copy (email-niche specific)

The email/list-buildingbuyer avatar (pre-filled)

- **Who:** marketers, creators, and small-biz owners who "know they should build a list" but haven't, or have a list that doesn't convert.
- **They want:** consistent leads, sales on demand, an audience they own.
- **They fear:** tech overwhelm, "no one will sign up," writing emails, deliverability.
- **Already tried:** maybe a free tier, a neglected list, sporadic broadcasts.
- **Their words:** "I don't know what to send," "my list is dead," "this tech is confusing," "I hate writing emails."
- **Buying triggers:** ease of setup, done-for-you templates, proof of ROI, "the money is in the list."

Top angles for email/list offers (pre-built)

1. **"The money is in the list":** the classic, still true.
2. **Own your audience:** "Stop renting attention from algorithms."
3. **Ease/automation:** "Set it up once, it sells while you sleep."
4. **Done-for-you:** "Templates so you never face a blank email."
5. **Deliverability:** "Actually reach the inbox" (Product 42 angle).
6. **ROI:** "\$X back for every \$1 - email's the highest-ROI channel."

Recommended bonus stack (from the vault)

- **#4 AffiliatePromo Email Swipe File** - 12 ready emails (kills "what do I send?")

- **#37 Story-Based Email Sequence** - a welcome sequence done-for-you
- **#6 Lead Magnet Creation Kit** - so they actually grow the list
- **#42 Email Deliverability Guide** - reach the inbox
- **#2 Bonus Page Kit** - to deliver the stack

This stack removes every email excuse: "what to send," "how to grow," and "will it land."

Email sequence (5 emails)

Email 1 - "Own your audience" hook

Subject: You don't own your followers (this is why it matters)

Hey [FIRST NAME], here's an uncomfortable truth: your social followers aren't yours. One algorithm change and your reach vanishes. The one audience you DO own? Your email list. Over the next few days I'll show you how [PRODUCT] makes building one simple. Stay tuned.

Email 2 - Ease / "set it and forget it"

Subject: The asset that sells while you sleep

A good email list + a few automated emails = sales on autopilot. [PRODUCT] makes the setup easy: [1-2-3]. No tech degree required. See it -> [LINK]

Email 3 - Kill "I don't know what to send"

Subject: "But I don't know what to email people"

This stops most people. Good news: you don't have to figure it out. [PRODUCT] handles the tech, and if you grab it through me I'll give you 12 done-for-you promo emails + a story-based welcome sequence. Never face a blank email again -> [LINK]

Email 4 - ROI/proof

Subject: The highest-ROI channel (it's not even close)

Study after study puts email's ROI far above social and ads. Why? You own it, it's direct, and it converts. [PRODUCT] + my swipe files get you there fast -> [LINK]

Email 5 - Last call

Subject: Closing [DEADLINE] (+ your email swipes)

Last chance: [PRODUCT] + my done-for-you email bonus stack. After [DEADLINE] the bonuses are gone. Start owning your audience -> [LINK]
