What's inside

- This file - the avatar, angles, compliance note, and recommended bonus stack
- swipes.md - emails, social posts, and bonus-page copy (health-niche specific)

The weight-loss/fitness buyer avatar (pre-filled)

- **Who:** people who want to lose weight, get fit, or feel better - often busy, frustrated, and tired of yo-yo attempts.
- **They want:** to feel confident, healthy, and energetic; a method that fits their life.
- **They fear:** failing again, restrictive diets, wasting money, judgment, "it won't work for my body."
- **Already tried:** fad diets, gym memberships they didn't use, programs they quit.
- **Their words:** "I've tried everything," "I don't have time," "I always start and stop," "nothing works for me."
- **Buying triggers:** relatability, simplicity, sustainability ("not another crash diet"), real (responsible) testimonials, support.

Top angles for weight-loss/fitness offers (pre-built)

1. **Sustainable, not extreme:** "No crash diets or hours in the gym."
2. **Busy-friendly:** "For people who don't have time."
3. **Relatable empathy:** "If you've tried everything, this is different because..."
4. **Simplicity:** "A simple plan you can actually stick to."
5. **Feel-good (beyond the scale):** energy, confidence, health.
6. **Support/community:** "You're not doing this alone."

Recommended bonus stack (from the vault - applied to health)

The vault is marketing-focused, so for a health offer your bonuses should be *content-adjacent* extras you can create (use Product 1 prompts to generate health content responsibly), e.g.:

- A "Quick & Healthy Recipes" cheat sheet (create with AI, review for accuracy)
- A "15-Minute Home Workout" guide
- A "Habit Tracker & Meal Planner" printable (adapt Product 24's tracker style)
- **#2 Bonus Page Kit** - to deliver the stack

If you're not qualified to give health advice, keep bonuses to general wellness tools (planners, trackers, motivation) and let the product do the teaching.

Best traffic for weight-loss/fitness offers

- Relatable short-form video (transformation journeys, tips) - Products 15, 26.
- Pinterest (recipes, workouts, planners rank well) - Product 18.
- Story-driven email (Product 37) - empathy converts here.

2. Drop [PRODUCT]/[LINK] into the swipes.
