12 List-Building Tactics (Step-by-Step)

Pick 2-3 and execute consistently. Replace [FREEBIE], [NICHE].

1. Irresistible lead magnet

- Solve one specific, urgent problem (Product 6).
- Make it fast to consume (cheat sheet, checklist, swipe file, quiz).
- Title it around the result, not the format.

2. Dedicated opt-in page

- One goal: the email. Remove navigation/distractions.
- Headline = the result; 3 bullets; one button (Product 6 copy).
- A/B test the headline.

3. Quiz funnel

- Build a "What's your [type]?" quiz (Product 35).
- Capture email before the result.
- Tag by result for targeted follow-up.

4. Content upgrades

- Add a downloadable bonus inside each blog post/video ("Get the checklist").
- Match the upgrade to the post topic for high opt-in rates.

5. "Linkin bio" hub

- Route all social traffic to a hub linking to your opt-in (Products 15, 26).
- Lead with the freebie, not the offer.

6. Lead-gen / opt-in ads

- Run low-cost ads to your opt-in (Product 13).
- Optimize for cost-per-lead; retarget visitors who didn't opt in.

7. Webinar registrations

- Every registrant is a lead (Product 12).
- Promote the free training across channels.

8. Giveaways & challenges

- Run a "[#]-day [NICHE] challenge" with email signup to join.

- Guest post / podcast / live with a CTA to your freebie (Product 9).
- Borrow other people's audiences.

10. Pinterest / SEO to opt-in pages
