What's inside

- This file - avatar, angles, and recommended bonus stack
- swipes.md - emails, social posts, and bonus-page copy (gardening-niche specific)

The gardening/homesteading buyer avatar (pre-filled)

- **Who:** people who want to grow their own food, garden successfully, live more self-sufficiently, or reconnect with nature.
- **They want:** a thriving garden, fresh healthy food, self-reliance, a rewarding hobby, to save money.
- **They fear:** killing plants, wasted effort/money, "I don't have a green thumb," overwhelm.
- **Already tried:** plants that died, scattered advice, half-finished garden beds.
- **Their words:** "I kill every plant," "where do I start?", "I want to grow my own food," "I don't have space/time."
- **Buying triggers:** simplicity, beginner-friendly, practical step-by-step, the satisfaction/self-reliance payoff.

Top angles (pre-built)

1. **Anyone can grow:** "Grow food even if you've killed every plant."
2. **Self-sufficiency:** "Grow your own food and depend on yourself."
3. **Start small:** "Begin with a pot or a small bed - no farm needed."
4. **Save money + eat fresh:** "Fresh, healthy food from your backyard."
5. **Step-by-step:** "A clear plan instead of guesswork."

Recommended bonus stack (on-theme)

Create gardening bonuses (use Product 1 prompts; verify horticultural accuracy):

- A "Beginner's Planting Calendar" template
- A "What to Grow for Beginners" cheat sheet
- A "Garden Layout & Planner" printable
- **#2 Bonus Page Kit** - deliver the stack

Gardening / Homesteading Bundle - Swipes

Drop in [PRODUCT], [BENEFIT], [LINK], [DEADLINE]. Warm, practical, encouraging.

Email sequence (5 emails)

Email 1 - "I kill every plant" hook

Subject: Killed every plant you've ever owned?

Hey [FIRST NAME], if your "green thumb" is more of a plant graveyard, I promise it's not you - it's missing a simple system. Over the next few days I'll show you how [PRODUCT] helps anyone grow, even total beginners.

Email 2 - anyone can grow

Subject: Grow food even if you've failed before

[PRODUCT] takes the guesswork out: what to plant, when, and how to keep it alive - step by step. Take a look -> [LINK]

Email 3 - start small

Subject: You don't need a farm (a pot will do)

Start with a single pot or small bed. [PRODUCT] meets you where you are and grows with you -> [LINK]

Email 4 - self-sufficiency+ bonuses

Subject: Fresh food + a little more self-reliance

There's deep satisfaction in eating what you grew. If you grab [PRODUCT] through me, I'll include my Planting Calendar, 'What to Grow for Beginners' cheat sheet, and Garden Layout Planner -> [LINK]

Email 5 - last call

Subject: Closing [DEADLINE] (+ your planting calendar)

Last chance: [PRODUCT] + my gardening bonus kit. This could be the season your garden finally thrives. -> [LINK]

Social posts

- "Killed every plant? It's not you - it's the system. Here's the fix "
- "You don't need a farm. Start with one pot. Here's how (+ free planting calendar)"
- "Grow your own food and depend on yourself a little more [LINK]"
- "What to grow if you're a total beginner "
- "Nothing beats eating something you grew yourself. Start here "
