

Giveaway & Viral Referral Kit

Product 49 - Giveaway & Viral Referral Kit

Niche: Affiliate Marketing / List Growth

Format: Giveaway funnel blueprint + referral mechanics

Perceived value: \$57

Want to add hundreds of subscribers fast? A well-run giveaway with a referral loop turns each entrant into a recruiter. This kit shows buyers how to run giveaways and "share-to-unlock" campaigns that grow a list virally - and still attract buyers, not just freebie-seekers.

What's inside

- This guide - giveaway mechanics + how to avoid attracting the wrong people
- giveaway-templates.md - page copy, rules, and referral setup

How a viral giveaway loop works

Entry page -> Person enters (email) -> Gets a unique referral link
-> Shares to earn extra entries -> Their friends enter -> loop repeats

Each entrant is incentivized to recruit more entrants = compounding growth.

The #1 rule: make the prize niche-specific

A generic prize (iPhone, cash) attracts everyone - most of whom will never buy your offers. A **niche-relevant prize** (the tool you promote, a bundle of your bonuses, a relevant gift card, a coaching call) attracts *your* future buyers.

Best prize of all: a bundle of YOUR bonus products (this vault) + the affiliate tool you promote. It pre-qualifies entrants as interested in your niche.

Referral mechanics (share-to-unlock)

- **Extra entries for sharing** - more referrals = more chances to win.
- **Milestone rewards** - "refer 3 friends, unlock [bonus] instantly" (everyone wins something).
- **Leaderboard** - top referrers get a guaranteed prize (drives competition).

Most giveaway tools handle the unique links + tracking; you provide prize + copy.

Turning entrants into buyers

A giveaway only pays off if you convert entrants:

1. **Everyone gets a consolation offer** - "didn't win? Here's [discount/bonus] on [PRODUCT]."
2. **Nurture all entrants** - they opted in; follow up with value + offers (Product 4).
3. **Announce winners publicly**- builds trust + social proof.
4. **Segment** - top referrers are engaged; prioritize them.

Compliance & platform rules

- Follow each platform's promotion/contest rules.
- Include clear rules: eligibility, dates, how winners are chosen.
- Don't require purchases to enter where prohibited; keep it honest.
- Disclose any affiliate elements (Product 28).

How to use (for the affiliate)

1. Choose a niche-specific prize (ideally your bonus bundle + the promoted tool).
2. Set up the entry page + referral mechanics (giveaway-templates.md).
3. Promote it everywhere; let referrals compound.
4. Convert ALL entrants with a consolation offer + nurture sequence.

Setup checklist

[] Pick a niche-specific prize

- ☐ Choose a giveaway tool with referral tracking
 - ☐ Build the entry page + referral rewards
 - ☐ Write the rules + disclosures
 - ☐ Prepare the consolation offer + nurture sequence (Product 4)
 - ☐ Promote across all channels
 - ☐ Announce winners publicly + follow up with everyone
-

A giveaway grows the list; the follow-up grows the income. Niche-specific prize + consolation offer = entrants who actually buy.
