- **They want:** professional videos fast, more views, and to look credible - without a film crew or editing skills.
- **They fear:** being on camera, slow/complex editing, looking amateur, wasted time.
- **Already tried:** filming on their phone, abandoning long edits, expensive editors.
- **Their words:** "editing takes forever," "I hate being on camera," "I'm not techy," "my videos look amateur."
- **Buying triggers:** seeing fast/easy results, faceless options, templates, time saved.

Top angles (pre-built)

1. **Speed:** "Pro videos in minutes, not hours."
2. **No-camera/faceless:** "Create videos without showing your face."
3. **No-skill:** "No editing experience needed."
4. **More reach:** "Turn one video into clips that get views everywhere."
5. **Look pro:** "Studio-quality without the studio."
