How to choose your traffic source

You don't need all 7. Pick **1 fast source + 1 compounding source**:

- **Fast (results in days):** Method 2 (Short-form video), Method 5 (Communities)
 - **Compounding (results in weeks, then snowball):** Method 1 (SEO/Blog), Method 3 (YouTube), Method 6 (Email)

The 7 free traffic methods

Method 1 - SEO Blog Content

Speed: Slow - Effort: Medium - Longevity: Very high

1. Find buyer-intent keywords: "[product] review", "[product] vs", "best [category]".
2. Write a genuinely helpful review/comparison (use Product 1 prompts).
3. Add your affiliate link + bonus page link naturally.
4. Build 3-5 supporting posts that link to the main one.

Pitfall: thin, copy-paste content. Be the most useful result.

Method 2 - Short-Form Video (TikTok/Reels/Shorts)

Speed: Fast - Effort: Medium - Longevity: Medium

1. Post 1-3 short videos daily using Product 7 scripts.
2. Hook in 3 seconds; add captions.
3. CTA to "link in bio" (a link hub -> your bonus page).

4. Double down on whatever format gets views.

Pitfall: weak hooks. The first line is 80% of the result.

Method 3 - YouTube

Speed: Medium - Effort: Medium-High - Longevity: Very high

1. Make review/tutorial/"X vs Y" videos targeting buyer keywords.
2. Affiliate link + bonus link in description and pinned comment.
3. Optimize title + thumbnail for clicks.

Pitfall: no clear CTA. Tell them exactly what to click and why.

Method 4 - Pinterest

Speed: Medium - Effort: Low-Medium - Longevity: High

1. Create vertical pins linking to your blog post / bonus page.
2. Keyword-rich titles and descriptions.
3. Pin consistently to relevant boards.

Pitfall: linking straight to raw affiliate links (against rules) - link to your content.

Method 5 - Communities & Forums

Speed: Fast - Effort: Low - Longevity: Low-Medium

1. Find where your audience hangs out (Reddit, FB groups, Discord, Quora).
2. Genuinely help - answer questions, no spam.
3. Link to your free lead magnet/content, not raw offers.

Pitfall: self-promo where it's banned. Read the rules; lead with value.

Method 6 - Email List

Speed: Fast (once built) - Effort: Medium - Longevity: Very high

1. Drive traffic to a lead magnet (Product 6).
2. Nurture with value (Product 4 swipes).
3. Promote offers to a warm list - your highest-converting channel.

Pitfall: only emailing when you sell. Give 4x more than you ask.

Method 7 - Strategic Collaborations

Speed: Medium - Effort: Low - Longevity: Medium

1. Find creators with a similar-size audience in [NICHE].
2. Offer a value swap: shoutout, guest post, joint live, bundle.
3. Cross-promote each other's lists/offers.

Pitfall: asking before giving. Lead with what's in it for them.
