Product 10 - Done-For-You Sales Funnel Templates

Niche: Affiliate Marketing / Funnels

Format: 4 funnel maps + fill-in-the-blank page copy

Perceived value: \$97

A confused mind never buys. This product gives buyers **4 proven affiliate funnel blueprints** plus the copy for every page - so they can route traffic into a structure that converts instead of dumping clicks on a raw affiliate link.

What's inside

- This guide - the 4 funnel maps + when to use each
- [page - copy .md](page-copy.md) - fill-in-the-blank copy for every funnel page

Why affiliates need a funnel

Sending cold traffic straight to a vendor's sales page wastes clicks and gives you zero list. A simple funnel lets you **capture the lead, warm them up, stack your bonus, and follow up** - turning one click into many chances to convert.

The 4 funnel blueprints

Funnel 1 - The Bridge Funnel (best for cold/paid traffic)

Ad/Post -> Bridge Page -> Vendor Sales Page (your link) -> Bonus delivery

A "bridge page" pre-frames the offer in your voice and adds your bonus before handing off. Use when you can't capture email first.

Funnel 2 - The Lead-Magnet Funnel (best for list building)

Traffic -> Opt-in Page -> Thank-You/Bridge Page -> Email Sequence -> Offer

Capture the email with a lead magnet (Product 6), then promote via email (Product 4). The highest long-term ROI funnel.

Funnel 3 - The Review Funnel (best for SEO/YouTube)

Search/Video -> Review Page -> Bonus Page -> Vendor Sales Page (your link)

Buyer-intent traffic lands on your honest review, clicks to your bonus page, then buys through your link. Great for evergreen traffic.

Funnel 4 - The Webinar/Launch Funnel (best for big promos)

Reg Page -> Confirmation -> Webinar/Replay -> Bonus Page -> Cart (your link)

For affiliate launches with a live or evergreen training. Highest conversion per lead when the offer warrants it.

Which funnel should you use?

Your situation	Use funnel
Running paid ads	1 - Bridge

Promoting a big launch	4 - Webinar/Launch

Page copy included (in page-copy.md)

Build these with any page builder. Pair with Product 2 (bonus page) as the conversion step in every funnel.
