Product 3 - 30-Day Social Media Content Calendar

Niche: Social Media Marketing

Format: Day-by-day calendar + plug-and-play caption templates

Perceived value: \$57

A done-for-you **30-day posting plan** for affiliate marketers and creators who freeze up at "what do I post today?" Each day has a content type, a prompt, and a fill-in-the-blank caption - built to grow an audience *and* warm them up for affiliate offers without being spammy.

What's inside

- calendar.md - the full 30-day plan (post type + idea per day).
- caption-templates.md - 15 reusable caption frameworks.

The content mix (the 80/20 rule)

To keep an audience engaged *and* convert, the calendar follows a proven ratio:

Type	%	Purpose
Value / educational	40%	Build trust & save-worthy content
Engagement / story	25%	Reach + relationship
Proof / authority	20%	Show results, testimonials, behind-the-scenes
Promo / offer	15%	The actual affiliate pitch

The promo days are spaced out so the feed never feels like an infomercial.

How to use (for the affiliate)

1. Pick your platform(s): Instagram, TikTok, X, LinkedIn, Facebook.
2. Each morning, open the day's row in `calendar.md`.
3. Grab a matching caption framework from `caption-templates.md`.
4. Fill in your niche + offer. Post.
5. On promo days, link to your bonus page (Product 2) or affiliate link.

Repurpose tip: one piece of value content can become a Reel, a carousel, a tweet, and an email. Don't reinvent - reformat.
