Instagram blends discovery (Reels, Explore) with deep trust (Stories, DMs) - a perfect combo for affiliate sales. This playbook shows buyers how to grow an Instagram audience and turn it into commissions.

What's inside

- This guide - the IG growth system + how each feature sells
- content-templates.md - post, Story, and bio templates

How each Instagram surface sells

Surface	Job	Affiliate use
Reels	Reach / discovery	Hook new people (Product 15 hooks)
Feed posts/carousels	Authority / saves	Teach, build trust
Stories	Daily trust + selling	Polls, behind-the-scenes, link stickers
Highlights	Evergreen proof	"Results", "Reviews", "Start here"
Bio + link	The conversion point	Link hub -> bonus/review page
DMs	1:1 selling	Answer questions, send links

The growth system

1. **Optimize your profile:** clear niche, benefit-driven bio, link hub.
2. **Post Reels for reach:** 4-7/week, strong 3-second hooks.
3. **Post carousels for saves/authority:** teach one idea well.
4. **Show up in Stories daily:** the trust + selling engine.
5. **Engage:** reply to comments/DMs fast (the algorithm and humans reward it).
6. **CTA to your link hub:** route to a lead magnet or bonus page.

The Stories selling sequence (soft + effective)

1. **Tease** a problem ("Struggling with [X]?").

2. **Teach** a quick tip (build trust).
3. **Demo** a result or tool.
4. **Offer** with a link sticker (-> bonus page) + urgency.
5. **Recap** with social proof / a reply screenshot.

Bio + link strategy

- Bio: who you help + the result + a CTA ("Free [lead magnet]").
- Use a link hub that routes to your opt-in (Product 6) or bonus page (Product 2).
- Update Highlights: "Start Here", "Reviews", "Results", "Free Stuff".

Compliance

- Disclose affiliate links (#ad / "affiliate link").
- Don't buy fake followers/engagement.
- Follow Instagram's promotion rules.

How to use (for the affiliate)

1. Optimize your profile + link hub.
2. Post Reels (reach) + carousels (authority) consistently.
