## Product 27 - DM & Outreach Script Pack

**Niche:** Affiliate Marketing / Social Selling

**Format:** 25 conversation scripts

**Perceived value:** \$57

Conversations convert. This pack gives buyers **25 DM and outreach scripts** for starting genuine conversations that lead to affiliate sales - without being the spammy "hey check my link" person everyone ignores.

### What's inside

- This guide - the value-first DM framework + rules
- [scripts.md](scripts.md) - 25 scripts for every scenario

### The golden rule of DMs

**Start a conversation, not a pitch.** Lead with genuine interest or value. The pitch comes only after you've built a little rapport and earned the right. Mass copy-paste pitching gets you ignored, reported, and banned.

### The value-first DM framework (CARE)

1. **C - Connect:** reference something real (their post, comment, profile).
2. **A - Ask:** a genuine question about their situation/goal.
3. **R - Relate/Reveal value:** share a tip or resource that helps them.
4. **E - Easy invite:** a low-pressure offer ("want the link/resource?").

### When to use DMs in affiliate marketing

- Someone comments your keyword on a post.
- A follower asks a question publicly.
- Re-engaging a warm lead who downloaded your freebie.
- Following up with people who clicked but didn't buy.
- Networking with potential collab/JV partners.

### Rules to stay safe + effective

- Never lead with a raw affiliate link.

- Personalize the first line - no obvious copy-paste.
- Give before you ask.
- Respect "no" - don't badger.
- Don't mass-DM cold strangers (it's spam and gets you banned).

## How to use (for the affiliate)

1. Match the scenario to a script in `scripts.md`.
2. Personalize the opener (always).
3. Lead with value; invite, don't pressure.
4. Send the link only once there's genuine interest.
