- **They fear:** wasting money on the wrong gear, being "hardstuck," small channels that never grow.
- **Already tried:** random gear, inconsistent streaming, generic tips.
- **Their words:** "I want to rank up," "is this gear worth it?", "my stream has no viewers," "how do streamers make money?"
- **Buying triggers:** performance gains, cool factor, proof/results, community, monetization potential.

Top angles (pre-built)

1. **Play better / rank up:** "Level up your game with [PRODUCT]."
2. **Setup/gear:** "The gear/tool that actually makes a difference."
3. **Grow your stream:** "Turn your channel into an audience (and income)."
