Product 12 - Webinar Slide Deck Template

Niche: Affiliate Marketing / Webinars

Format: Slide-by-slide deck outline + speaker notes

Perceived value: \$77

Webinars convert higher than almost any format because they teach, build trust, and pitch in one sitting. This template gives buyers a ****proven 30-slide webinar structure**** with speaker notes - fill it in, present (live or evergreen), and promote any affiliate offer.

What's inside

- This guide - the webinar conversion formula + timing
- slides.md - all 30 slides with on-slide text + speaker notes

The 4-act webinar formula

Act	Slides	Minutes	Job
1. Hook & promise	1-5	5	Earn attention, set the promise
2. Teach (3 secrets)	6-18	25	Deliver real value, build authority
3. Transition & pitch	19-27	15	Introduce the offer + bonuses
4. Close & Q&A	28-30	10	Urgency, objections, CTA

Total: ~45-55 minutes. The teaching earns the right to pitch; the pitch feels like the natural next step, not a hard sell.

Conversion levers built into the deck

- **The promise** (slide 3) - a specific, believable outcome.
- **The 3 secrets** (act 2) - each secret subtly reveals a gap the product fills.
- **The stack** (slides 22-24) - list everything they get, anchor the value high.
- **Bonuses + urgency** (slides 25-26) - your affiliate bonus stack with a deadline.
- **Risk reversal** (slide 27) - guarantee removes fear.
- **Q&A close** (slide 30) - answer objections live, repeat the CTA.
