

TikTok & Reels Growth Playbook

Product 15 - TikTok & Reels Growth Playbook

Niche: Social Media Marketing

Format: Growth strategy + hook bank + posting plan

Perceived value: \$57

Short-form video is the fastest way to build an audience from zero - and the cheapest traffic source for affiliates. This playbook gives buyers the ****algorithm strategy, hook bank, and posting plan**** to grow on TikTok, Reels, and Shorts and turn views into clicks.

What's inside

- This guide - how the algorithm really works + the growth system
- hook-bank.md - 40 proven hooks + content formats

How short-form algorithms actually work

All three (TikTok, Reels, Shorts) reward the same thing: ****watch time and re-watches****. The algorithm tests your video on a small batch; if people watch, re-watch, and engage, it pushes it wider. So your only jobs are:

1. **Hook in 3 seconds** (stop the scroll).
2. **Hold attention** (no dead air, fast pace, captions).
3. **Earn a loop/engagement** (a reason to rewatch, comment, or save).

Follower count barely matters - every video gets a fresh shot at virality.

The 3-second hook rules

- Lead with the payoff or a bold claim, not an intro.
- Show motion/text on screen immediately.
- Create an open loop: "Wait for it", "Here's what nobody tells you...".
- Talk to ONE person ("If you do [niche]...").

The content mix for affiliate growth

Type	%	Purpose
Value/how-to	50%	Saves + shares = reach
Relatable/story	25%	Comments + follows

Demo/result	15%	Proof, sets up the offer
Promo/CTA	10%	"Link in bio" to bonus page

Posting & growth plan

- **Post 1-3x/day** consistently (volume = more shots at virality).
- **Reuse winners:** if one hook hits, make 5 variations.
- **Batch film** (Product 8 helps you script fast).
- **Drive to "linkin bio":** a link hub -> your bonus/review page (Products 2, 11).
- **Engage in the first hour:** reply to every comment to boost the video.

Turning views into affiliate clicks

1. Build trust with value content (don't pitch every post).
2. Add a clear "link in bio" CTA on demo/promo videos.
3. Use a link hub that routes to your lead magnet (Product 6) or bonus page.
4. Capture emails so you're not renting the audience from the platform.

Reality check: expect 20-50+ posts before you find your winning format. Consistency and hook quality beat everything else.
